Please attach the following documents on a separate piece of paper:

- 1.) Resume
- 2.) An essay describing music therapy practicum experience and clinical work prior to internship.
- 3.) An essay describing your music background, why you chose music therapy as a profession, and your interest in perusing an internship in a skilled nursing/long-term care setting.
- 4.) Three letters of recommendation (One must be from your academic director of music therapy verifying your eligibility to start your internship.)
- 5.) Current transcripts from your academic institution.

*Please attach a video recording in the form of DVD or You Tube link as a demonstration of your current music skills on piano, guitar and your major instrument. You may arrange for a live audition during the interview if you would prefer to do so as a substitution for the recording. Please state if you plan to do this. ****Special note: You may NOT use any information that contains client material in this recording per AMTA requirements*****

- 1.) Three songs played on guitar using basic strumming and fingerpicking styles. The student should demonstrate the ability to lead vocally while playing various styles on guitar.
- 2.) Three songs played on piano demonstrating the ability to play the chords of the song while leading vocally, or playing chords, melody and leading vocally.
 - ❖ Half of the songs must reflect genres that may be used when working in a long-term/geriatric care setting
- 3.) In addition, please submit a musical selection that demonstrates your abilities on your primary instrument.

The internship director will contact you upon review of the information received. Interviews for potential candidates will be held the month after the application deadline. All portions of the application must be received and reviewed by the internship director prior to further interview. Thank you for your interest in Woodbury Health Care Center!
